To Whom It May Concern:

It is with pleasure that I write this letter of reference for Jim Hamlin from TallTech. I have known Jim for approximately 2 years and TallTech has completed the following projects for the Open Learning Agency:

1. Walk a Mile; the Immigrant Experience in Canada. This project required a very complex design, incorporating the graphic elements of the companion pieces - a 4-part bilingual television series and a multimedia training package. The web site can be visited at www.walkamilecanada.com
2. The Walk a Mile needed to be redone in French when separate funding became available
3. The third project was Critical Link, a small web site for a national organization for community interpreters. The URL for this web site is www.criticallink.org. Jim added value to the site by providing both Word, PDF and html versions of the newsletter articles.
4. Currently Jim is working on the White Spot Intranet site. This project involves a large volume of organized information, quizzes, databases and a search mechanism.

I have found Jim to be creative, efficient, fast and always committed to get the job done, even if it requires extra time. I would definitely recommend him for other contracts at OLA or elsewhere. Feel free to call me at 431-3318 for further information.

Sincerely,

Dini Steyn
Consultant
